

A BUSY MONTH OF ACTIVITIES

Rosie Hydar
Head of Junior School

We have had a very busy month this November with many events and activities. Cultural celebrations like Deepavalil on the 4th, and International Day today, the 25th, have led a depth and richness to our children's experience that is an important part of being an international school.

In Junior School we have also celebrated Children's Day, with dancing and class parties, and Nursery Rhyme Week in Early Years, for which our younger children dressed up and learned traditional rhymes.

We have also rewarded pupils for Extreme Reading, and our Year 6 pupils have presented an anti-bullying assembly. More recently, our Year 1 pupils have set up a Toy Drive, and we are proud to say that they are busy collecting new toys for disadvantaged children from the whole school. Please do support them!

And we are still looking forward to the final week of term when our fabulous Arts department is organising exhibitions and performances to celebrate Christmas! It is certainly a busy half term for us all - thank you to all of the parents, children and staff who work so hard to prepare and run these events for us all to enjoy!

EVENTS IN DECEMBER

8th	Christmas Festival - Evening Event
9th	Christmas Concert
9th	End of Term 1 (half-day)
25th	Christmas Day

CELEBRATING INTERNATIONAL DAY

DIVERSITY

Our nationality brings us closer together but also makes us unique

CULTURE

Our traditions and way of life forms our culture

FOOD

The food we eat represents our nationality all around the world

ONE OF THE TEAM

Kalidasan Raghu
Head Chef

Hobbies: I don't have any specific hobbies, however cooking is a hobby I have done since I was small.

Interests: I like to travel across countries, to learn more about the culture and mostly food from different countries. Apart from that, I have an interest in learning musical instruments such as guitar; my biggest interest is learning how to operate small flights, and how to fly.

Guilty Pleasure: Motorcycle & car racing. When I was in my 20s, I liked anything that had speed and an engine. My parents didn't like it as it was a dangerous sport. Nowadays I am more interested in restoring old motorcycles.

REPTON FAMILY

At the recent Outstanding Cambridge Learner Awards, Annabelle Khoo, of Repton International School, received two awards for her recent A Level results: *Top in Malaysia* and *Top in the World* for achieving the highest mark in Malaysia for Economics and the highest mark in the world for Business Studies respectively. Two incredible achievements and ones I know the whole Repton Family will want to congratulate her for. Well done Annabelle, we are immensely proud of you.

Annabelle Khoo with Mr Flak, Head of Humanities, at the award ceremony.
